

Our 'Wee Souls' Remembered

Service of Dedication

at St. James Anglican (Heritage) Church
located on Tylehurst across from Polo Park.**

Our story begins back in the late 1800's when St. James Cemetery became the resting place for many wee souls who did not survive their mother's pregnancy. Our cemetery was entrusted with their care and they were buried in unmarked graves.

Over many years requests were occasionally made to seek the resting place of these wee souls. With lots of research and work, a directory has been created naming over 2000 wee ones.

It is our intention in the months ahead to create a Memorial Garden in a small quiet shaded space in the cemetery close to the river.

Our church plans to celebrate these special wee lives at a service of caring, dedication and remembrance. Anyone who remembers with love a wee soul in their lives is welcome to come to this service.
